

NEUTRAL AID TO GERMANY HALTED

WASHINGTON, Oct. 5.—A final move to prevent supplies from reaching Germany has been taken by the American Government in deciding to refuse coal to neutral ships carrying supplies to South America to North America. Neutral countries upon their cargoes are inspected in American ports.

The step was taken with the approval of all the allies, who will cooperate by enforcing similar regulations. In a statement accompanying the announcement, the export board makes it clear that the present absolute embargo against the European neutrals is not necessarily permanent and that a final decision as to a policy will not be made until information as to the neutrals' actual requirements is obtained. The general understanding has been that the neutrals will be fed, but that they will receive no more supplies than actually are necessary.

Some Latin-American countries are exporting freely to the European neutrals. In deciding to cut off bunker coal to ships engaging in this trade the United States is within its rights under international law, as it can do what it will with its own commodities. For some time there has been a tightening up on the export of coal to South American countries in an effort to cut off supplies to German-owned public utilities concerns, which it has been charged, have supplied funds for German propaganda in this country.

CONSTIPATION CAUSES OBSTINATE HEADACHES

When your head aches you will usually find the bowels have been inactive, and if you relieve this condition, by clearing the intestinal organs of the fermenting waste, foul gases and bile, the head is relieved immediately.

Remember this the next time you suffer from headache. The combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin, is highly recommended as a gentle laxative that acts easily and quickly, without griping or discomfort. It contains no opiate, narcotic, or habit-forming drug, is pleasant to the taste, and a most effective household remedy. Mothers find it especially desirable as a laxative for children.

You can buy Dr. Caldwell's Syrup Pepsin from your druggist for fifty cents. Get a bottle and have it in the house when needed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 456 Washington St., Monticello, Illinois.

Germans Ready To Use Navy in Attack On Baltic

BY INTERNATIONAL NEWS SERVICE LEASED WIRE TO TRIBUNE
PETROGRAD, Oct. 5.—Positive information has been received by the government that the Germans are preparing for a naval blow in the Baltic.

Minister of Marine Admiral Wersdorff in an address to the committee of the Russian fleet said that the government learns that the Germans are concentrating naval units for the proposed operations.

Governor-General Nekrasoff of Finland, in an official telegram from Helsinki, denied a recent report that a German fleet has entered the gulf of Finland.

COUNTY RALLIES TO LOAN "DRIVE"

(Continued From Page 1)

Church, Fourteenth and Castro streets, 3 p. m.

October 12—Oakland Civic Center meets at Hotel Oakland, 2:30 p. m.; ask for Mrs. A. W. Foshay.

October 18—Home Club meets in the Home Club building on Park Boulevard at 1 p. m. Ask for Mrs. Easterbrook.

THEATERS TO AID IN GENERAL TASK

During the next three weeks of the campaign Oakland theater audiences will be addressed nightly by speakers in behalf of the Liberty bonds. Harry E. Cornell, manager of the Oakland Orpheum, has charge of this feature of the campaign. Four minute talks will be made by able speakers.

A. Vander Wallen Jr. is outlining a campaign to interest all fraternal organizations in Alameda county. These orders will be asked not only to subscribe to the bonds but to actively work with the general committee in putting the "drive" across.

Buy a Liberty Bond today.

BASEBALL STARS WILL AID LOAN

WASHINGTON, Oct. 5.—In honor of the world's series which begins Saturday the second Liberty loan campaign will be given a baseball angle, capitalizing the popularity of the great American sport to win support for the government war financing.

Ty Cobb has been asked to make a speech in support of the Liberty loan from the diamond. If possible Cobb and other popular baseball idols will be secured to make speeches every day of the big series.

SENATE ORDERS LA FOLLETTE QUIZ

(Continued From Page 1)

speech and second into the correctness of his statements made thereto.

The limited scope of the inquiry was regarded as temporary action upon the numerous petitions presented to the Senate for the Wisconsin Senator's expulsion. The subcommittee, which probably will be appointed during the day and will be headed by Senator Pomeroy of Ohio, was ordered to report at the December session of Congress.

After some discussion of Senator Stone's case, the committee has sent out the following statement:

"Action having been requested by Senator Stone on certain communications in which he was assailed, it being charged therein that he has obstructed the enactment of measures for the prosecution of the war, the committee finds that the charges make mention of no facts warranting action by it. The record discloses that though Senator Stone opposed the declaration of war, he has since it was adopted voted for all such measures considered by the Senate on which a record vote was taken."

The committee completely exonerated Senator William J. Stone of Missouri, chairman of the foreign relations committee, from all charges of seditious construction made in the demands for the removal of disloyal Senators.

PROBE ORDERED BY SENATE

LaFollette has said that his speech was "garbled" as it appeared in the newspapers. The committee will ask LaFollette whether he stated in his speech that the sinking of the Lusitania and other acts committed by Germany did not provide sufficient cause for the United States entering the war. It will inquire as to whether he said the Lusitania sailed in defiance of American laws by carrying ammunition, and if he said it, where he got his information. The truth or falsity of this statement then will be ascertained if possible.

The New Triple Combination

Treatment for the blood, nerves and liver—purifying, strengthening, cleansing, winning in its way wonderfully just now—

Hood's Sarsaparilla, the superlative blood purifier and appetite giver, known for over forty years.

Pepsin, the superlative pepsin-nut-iron-celery nerve, blood and digestive tonic.

Hood's Pills, the superlative family laxative for biliousness, constipation, pleasant, easy.

What are your troubles? If such as to need all three medicines, why not have perfect, well-rounded relief by getting the combination?

If you need only one medicine, get it and take it—but do it now.—Advertisement.

FRANCE IS GIVEN BOLD EVIDENCE

(Continued From Page 1)

a separate peace pact which Germany and France might agree on.

France would give to Germany some of her colonial possessions, he said Pasha told him, and Germany would restore to France parts of Alsace Lorraine, besides evacuating northern France.

Pasha first tried to get funds from American pacifists to influence newspapers of France toward peace, Pavestend said.

Officers of the Royal Bank of Canada told of their transactions with Pasha. They were told by Pasha he would soon open an account of \$1,700,000 with them, they said, and that he desired to make a contract for a large supply of print paper.

"As far as my investigation goes, it shows a purely social relationship between William Randolph Hearst and Pasha," said Attorney-General Lewis today. He described Hearst's acquaintanceship with Pasha as a "closed incident."

PARIS, Oct. 5.—Louis J. Malvy, former minister of the interior, who resigned office on account of press attacks against him in connection with exposures of German intrigues, caused a nation-wide sensation by announcing in the chamber of deputies last night that he had been slanderously accused of using his position as minister to betray his country. The charges were made by Leon Daudet, son of the late Alphonse Daudet, the noted writer, in a letter to President Poincare, which Premier Painleve read at the request of M. Malvy.

After M. Malvy had indignantly denied the charges and Premier Painleve had promised the chamber that M. Daudet would be obliged to prove his words, the chamber voted confidence in the government, with a number of abstentions, principally among the Socialists.

FEAR MANY SHIPS MET WITH RAIDER

(Continued From Page 1)

are reported overdue on the Pacific coast from South Pacific ports and their owners have abandoned hope of their safety.

The schooner Cecelia Sudden, Captain Polson, which was reported 150 days out from Gray's Harbor and considered lost, has arrived at Melbourne.

The schooner Sinda was owned by the Pacific Freighter Company of San Francisco, the schooner Manila by the same company and the schooner A. B. Johnson by Hind, Ralph & Co. It is stated by local shipping men that the lost and overdue vessels and their cargoes are worth more than \$3,000,000.

NAVY DEPARTMENT TO ROUND UP RAIDERS

The navy department today took steps to increase the Pacific patrol, following disclosure that two German raiders are operating in the South Pacific.

Naval officials declare they have no further information on the depredations of the raiders, supposedly manned by the crew of the Sea Adler, which went ashore some time ago at Mopeia Island. But they will take no chances, and every effort is being made to increase the watchfulness of American ships in the Pacific.

Japan will play a part in rounding up the raiders, if it is found they are still actually in operation. It was said that Japanese ships are doing a large part of the work of clearing the sea.

The navy department is also taking steps to locate the men who were prisoners on the Sea Adler when she went ashore. They are reported to have been left on the desolate Mopeia island. The navy department will probably dispatch a vessel to the island to locate the stranded men.

HIGH SCHOOL HOLDS CEREMONY

The University High School in accordance with the proclamation of Governor Stephens, held a service in which all "renewed in their hearts their pledge of patriotic devotion to our government and our flag." The service was for the most part carried on by the students themselves. It was opened by a recitation of the governor's proclamation by H. La Vigne. Then some patriotic statements of President Lincoln were delivered by P. King and selections from President Wilson's speeches were quoted by C. Jenks. Professor O. M. Rugh, the "father" of the school, gave a short talk on the "Liberty Bell" and started a fund, which is to be raised in the school to buy a Liberty Bell in the name of the school.

The service was marked by patriotic music, furnished by the school orchestra, and ended in the strains of the "Star Spangled Banner."

This school has an American flag and a copy of President Wilson's war message in every room; it holds a flag drill every Monday morning during which all of the students pledge allegiance to the flag, and it exceeded all other schools in proportion to its enrollment in its contribution to the war library fund.

WILL HOLD TESTS

The United States Civil Service Commission announces that the examinations listed below will be held in San Francisco at an early date:

Other and Filterman (non-educational), two vacancies, post quartermaster, Presidio, San Francisco, Cal.; \$81 per month; Master (non-educational), U. S. Engineer Department, vacancy in position of mate qualified to act as master, steamer Suison, on San Francisco bay and tributaries; \$75 per month and found.

Inspector of small arms ammunition (male), vacancies in various manufacturing plants within the United States; entrance salaries ranging from \$1500 to \$2400 a year.

Radio Inspector (male), Bureau of Navigation, Department of Commerce, Washington, D. C., and positions throughout the United States; \$1000 to \$1600 a year.

Assistant curator (male), Division of Mineralogy and Petrology, National Museum, Washington, D. C.; \$1800 a year.

Assistant Electrical Engineer, qualified in municipal research (male), Bureau of Sanitation, Department of Commerce, Washington, D. C.; \$1400 to \$1600 a year.

Specialist in rural economics (male), States Relations Service, Department of Agriculture, Washington, D. C.; \$1500 to \$1800 a year.

Assistant in visual agricultural instruction (male), states relations service, Department of Agriculture, duty in Washington, D. C.; \$2000 a year.

Deck Officer (male), Coast and Geodetic Survey; \$1200 a year.

Aid (male), lighthouse service; entrance salary \$1025 a year.

Teacher (male and female), Indian service; usual entrance salaries \$600 to \$750 a year.

Application blanks and further information relative to these examinations may be obtained from the secretary, Twelfth Civil Service District, Room 241, Postoffice Building, San Francisco, California.

OFFICER HONORED

C. H. Pelton of Oakland, now lieutenant in A. Battery, Sixteenth Field Artillery, stationed at Camp Robinson, Wisconsin, has been honored by the men of the battery, who presented him with a large silver watch, according to a letter received here by Mrs. Pelton. Before being ordered to A. Battery, Pelton was in command of B. Battery, then of the California Field Artillery. When he was ordered east two and a half months ago, the men of B. Battery gave him a sabre and revolver holster.

Ask The TRIBUNE

BILIOUS ATTACKS.

You wonder what upset your stomach. Never felt better in your life yesterday, now you have a bilious attack. Care that first, and then look for the cause. Keep quiet, abstain from food for one day, take three of Chamberlain's Tablets. Drink plenty of water. This will clean the fermenting food and bile out of your stomach, tone up your liver and move your bowels. You will soon be all right again. If you have these bilious attacks at regular intervals, abstain from coffee and red meats and you may find them. For sale by Osgood Bros. drug stores. Advertisement.

NEW PERSONNEL
AT MARINE OFFICE

During the past month there has been an entire change in the personnel of the staff of the Marine Corps recruiting office, 827 Broadway, this city. Sergeant Major T. McCarthy, who is in charge of the office, retired from active service some two years ago but was called back during the present emergency. During his service in the Marine Corps he has spent about fifteen years on board of Uncle Sam's battleships, visited most every port of importance in the world, and was stationed at different times at every navy yard and naval station of the United States and its island possessions. He is also enrolling officer for the American Junior Naval and Marine Scouts for the district comprising Oakland, Alameda and Berkeley, having at the present writing a membership of some twenty-eight boys, and he is anxious to increase this to at least 200 members. All boys of good moral character between the ages of 12 and 18 years are eligible for membership. Membership for boys in this organization offers advantages both military and social without committing the boy to any service to the government and its costs nothing to join. The next member to join the recruiting staff is Sergeant Edwin K. Camp, who is doing duty on the street in front of the office and who will answer questions pertaining to the Marine Corps. Sergeant Camp has crossed the Atlantic and Pacific oceans four times and the United States five times, and is well versed in the duties of the Marines. He has had nearly four years' experience drilling boy scouts at Honolulu and Hana, Hawaii, and will take up the work here in connection with the American Junior Naval and Marine Scouts. Another member of the recruiting staff is Sergeant William J. Miller, who has charge of the outside publicity work. Applicants for enlistment in the Marine Corps must be between the ages of 19 and 25 years, not less than 66 inches high and not less than 120 pounds weight. Drafted men who have been notified to appear for medical examination will not be accepted in the Marines.

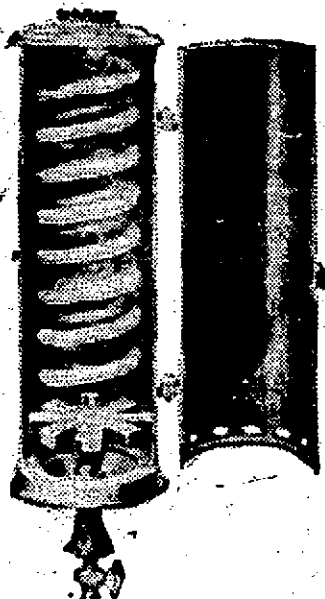

SEEKS LOST WIFE

Chester Batchelder, 601 Hobart street, today asked the police to aid him in a search for his wife, Edna, whom he has not seen since September 13, when he missed a train at Sacramento on which they were enroute to Oakland from Pocatello, Idaho, accompanied by another man. Batchelder, in his complaint to the police, stated that he does not know whether he got off the train himself or whether he was put off. At any rate, he says, his wife and the "other man" evidently kept on their way to Oakland and he has been unable to locate either of them. Mrs. Batchelder is 36 years of age. She wore a blue suit and blue hat when she left her husband.

QUITS UNIVERSITY

EUGENE, Ore., Oct. 5.—Allen H. Eaton, the university professor whose attendance at the recent Chicago meeting of the People's Council for Democracy and Peace brought charges of espionage by the Eugene chamber of commerce and demands for his removal from the faculty of the University of Oregon, has tendered his resignation to President Campbell, but will continue his duties at the university until the board has acted. A meeting has been called for October 20.

SALESMEN WANTED

AN APPEAL TO THE
EMPLOYERS AND SALESMEN
OF ALAMEDA COUNTY:

The Liberty Loan Committee of Alameda County is in great need of volunteer salesmen to assist in selling the Bonds of the Second Liberty Loan.

All those who will donate the services of their employees; or salesmen who will give us all or a part of their time, are invited to attend a special meeting Friday afternoon at 4:30 o'clock, at Headquarters, Tenth Floor Syndicate Building.

LIBERTY LOAN COMMITTEE,
of Alameda County.

10th Floor, Syndicate Bldg., 1440 Broadway

Pains in the Stomach and Bowels. Owing to the great distress which this disease occasions, every family should keep at hand the proper medicine for its relief. Mrs. L. E. Sinks, Centralia, Ill., writes: "My father has kept Chamberlain's Colic and Diarrhoea Remedy in the house as long as I can remember, and when he has taken it, to my knowledge it has given the desired relief." BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

Draw a Moist Cloth Through Hair and Double Its Beauty at Once.

Save Your Hair! Dandruff Disappears and Hair Stops Coming Out.

Immediate?—Yes! Certain?—No! The joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Dandruff. Also try this—pull a cloth through your hair, taking one small strand at a time. This will release the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggly, faded, dry, brittle or thin. Besides beautifying the hair, Dandruff dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp.

Dandruff is to the hair what fresh air is to the lungs and sunshine is to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful. You can surely have pretty, charming, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Dandruff from any drug store or toilet counter and try it as directed.—Advertisement.

Resinol will soothe that itching skin

The first application of Resinol usually takes the itch and burn right out of eczema and similar skin-affections. This gentle, healing ointment seems to get right at the root of the trouble, restoring the skin to health in a surprisingly short time. Resinol is sold by all druggists.

How to Destroy Catarrh Germs and End Catarrh Forever

Catarrh, according to a noted authority, is a germ disease and the only way to cure it so it will stay cured and never come back is to kill and drive out of your system the catarrh germs. We have found lodgement there. When the germs go the catarrh will stop. There is nothing better for destroying catarrh germs than breathing into your nose and lungs the pleasant, soothing, healing, germ-destroying air of Hyomei (pronounced High-o-mey) made from the purest oil of Eucalyptus and combined with other powerful healing, antiseptic and germ-destroying ingredients. Hyomei penetrates and kills the inflamed swollen membranes of your nose and throat, stops discharges, clears the passages and completely overcomes the disease by destroying its cause. For catarrh germs cannot live in your body after Hyomei reaches them. The Owl Drug Co., and many other good druggists in Oakland and vicinity have long sold Hyomei on a positive guarantee of successful results. Money back and this is the generous policy pays.—Advertisement.

NUXATED IRON

"That's What I Needed! I Was Weak and Lacking! Now I'm Strong and Healthy!"

Dr. James L. L. Bates, for fifteen years Chief Physician New York Hospital, says: "There is nothing like Nuxated Iron to get youthful strength and power into the veins of the weak, run down, and ailing. To be absolutely sure that your system get real iron and not some form of the metallic cancer, I always prescribe Nuxated Iron to my patients. Nuxated Iron will increase the strength and endurance of weak, nervous men and women in two weeks time in many instances. Dispensed by all druggists."

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

Aid to Liberty Loan

Tribune Is Praised

Editor Tribune: The committee desires to thank the TRIBUNE for the splendid editorial in reference to the Liberty Bonds appearing in Monday night's edition of the Oakland TRIBUNE. It is a wonderful aid to our efforts to have the whole-hearted co-operation of the newspapers. The TRIBUNE has shown at the outset and has emphasized the fact by this editorial, that we are not a mere financial institution. We certainly appreciate your efforts.

Very truly yours,
OAKLAND LIBERTY LOAN COMMITTEE
By J. H. King, Chairman Executive Committee
By R. N. York, Chairman News Service

"MISTAKE," SAY COUPLE IN SUIT

Having parted as friends, over a year ago, three months after they were married, M. K. Miller, at one time engineer for the city on harbor work, and his wife, Mrs. Meta J. Erickson Miller, the only woman railroad president in the world, have asked the courts to rectify their matrimonial mistake, dissolving the bonds by means of a divorce suit was brought yesterday by Mrs. Miller on the grounds of desertion. The Millers were married in San Francisco July 8, 1916, and their separation occurred October 2, 1916.

"We have parted as friends," declared Mrs. Miller at the time. "I don't believe in quarrels and there are some things in life that can be adjusted only by separation. I have no wish to injure Mr. Miller in any way. He is a very estimable gentleman."

Both Mr. and Mrs. Miller have characterized the marriage as a mistake, and it is understood that the difficulties arose over the children, each having been previously married. Mrs. Miller was formerly the wife of Charles M. Erickson, deceased millionaire railroad contractor, owner of a twelve-mile railroad in Canada, and to which the widow told her, and to the management of which she has devoted a great deal of attention. The Erickson-Miller wedding in July last year, though a quiet affair, was of considerable interest to local society.

M. K. Miller is the father of the late Mrs. Syd Havens (Sue Miller), who died early last year. Twenty years ago he was Oakland's superintendent of streets, and two years ago was chosen Mayor. David George, consulting engineer in harbor development.

WILL AID BONDS

NEW YORK, Oct. 2.—Mrs. Henry C. Havemeyer of New York, who was quoted as having said in an address at Baltimore Tuesday night in making a meeting of suffragists that she would not lift a finger to aid the Liberty loan because women who demanded true democracy at home were thrown into jail for doing so, has declared that she had been incorrectly quoted. She declared she never had advised anyone not to buy Liberty bonds, and that she not only worked for the sale of the securities in the first loan, but had subscribed for some of the second issue of the bonds.

"I am a suffragist who favors action by constitutional amendment," she said, "and I feel very keenly about my party. I said that, feeling as I do, I could not speak for the loan as heartily as I might. But the American women might be given democracy so that we, like the women of England, would be better able to reveal the true splendor of American womanhood."

MUSICIANS TO AID

Plans for participation in the concerts for soldiers and sailors given in San Francisco were announced last evening by the members of the Alameda County Music Teachers' Association at the regular monthly meeting, which was held in the studio of Miss Beatrice Clifford, 2527 College avenue, Berkeley. This form of patriotic service for musicians is heartily endorsed by the organization, and particular stress was laid upon the advisability of arranging programs in such a manner that community singing is an integral feature.

Members of the Association are offering their services as vocalists and instrumentalists for entertainments which are to be given at stated intervals for the enlisted men. This work is being done in co-operation with the San Francisco Music Teachers' Association. A joint meeting of the two organizations is to be held on October 19 in the St. Francis Hotel.

ELKS IN DRILL

MONTEREY, Cal., Oct. 2.—The drill team contest for the State Elk Association Trophy was the feature of today's session of the annual state reunion of California Elk's lodges. The cup was won last year by the Oakland drill team. The morning was devoted to a business session by the lodge with trip over the "Seventeen Mile Drive" for the ladies, the competitive drill being held in the afternoon.

Tonight at the Hotel Del Monte the ritualistic contest for the Benjamin cup will be held to be followed by the first annual jinks at the Monterey theater.

CLUBS GATHER

The East End Civic Center, the Fitchburg Social and Improvement Club and the Lockwood School Mothers' Club joined in holding a patriotic meeting in accordance with Governor William D. Stephens' proclamation, in the Lockwood school last night. C. H. Green, representative of the Governor's proclamation, Frank De Lisle, a member of the Liberty Loan committee, spoke on the campaign. The entire audience joined in singing patriotic songs, accompanied by the Lockwood school boys' band. In charge of the meeting were Mrs. Lucy Barker, Mrs. Annie Burtis and Principal C. H. Greenman.

CHARGES CRUELTY

Alleging that her husband has beaten her daily for three years and that he has treated her in a cruel and inhuman manner during all their twenty years of wedded life, Mrs. Maria Spagnolo, 721 Kirkham street, has sued Filippo Spagnolo, fruit vendor, for divorce, and for a decree restraining him from violence pending the divorce hearing. She alleges that he threatened to kill her and the five children, and that he dug holes, telling them that he intended to bury them there. She asks \$50 a month alimony.

MILK GOING UP

LOS ANGELES, Oct. 2.—Milk is due for a 2-cent jump because of the increased cost of production, according to dairymen here today. Four-pennents a quart instead of 12 cents will be the price shortly.

ADMITTS SLAYING LEAVE FOR EAST

STOCKTON, Oct. 2.—Trinity Dandia, a young Mexican woman, pleaded guilty in the superior court here to the murder of James A. Hanlon, jitney bus driver, who was killed and robbed on April 3 at a lonely spot near the end of his run. The woman has confessed that she assisted Jose Martinez in planning the robbery and murder, but that Martinez, and not she, fired the fatal shot. Martinez died several months ago at the County Hospital, where he had been taken after being shot by railroad police. He was attempting to rob box cars. She was not until after his death that she told of their part in the crime. Judge D. M. Young appointed an attorney to represent the woman, who intends to ask probation.

NOW SEEK COVER

SAN FRANCISCO, Oct. 2.—Like a bay of quail when a danger signal is given the people of London take to places of refuge when the crack of guns throughout the city warns of the approach of the German air raiders, according to W. J. Boyles, one of London's force of 30,000 special constables, who arrived from London yesterday.

"Formerly the raid was a source of great interest," he said, "and every household was thronged with people eager to witness a spectacular feature of the hostile performance. But owing to the number of injuries, as a result of the falling shrapnel from the defense guns, as well as the exploding bombs of the enemy, the people's curiosity has been to a great degree overcome. Damage from air raids has been slight, although the Germans use powerful machines."

1000 MAY BE REJECTED IN TWO QUOTAS

(Special to The Tribune.)
CAMP LEWIS, American Lake, Wash., Oct. 5.—The physical reputation of America's youth, according to the army examinations soon, according to reports from this camp's physicians. Following a report that the second quota of drafted men had been snatched last night it was expected today that the rejection for physical reasons had jumped to a per cent Tuesday. The army standard for rejections has been 5 per cent.
 Indications point to the return of over 1000 men in the first two quotas. The 5 per cent rejection rate is anywhere near that standard is maintained by army examiners. Should these men be returned home local boards will be asked either to send on to the camp other men already certified by the district board or to issue another call if the certifications are not made.
BIG DAY OF WELCOME.
 Unless the efficiency board recommends that these men be kept in service for work with special units they will be sent to officers, be sent to their homes and honorably discharged. The third quota, just arriving, has not been counted in computations on physical disability.
 Today is the largest day for those who give official welcome to the incoming citizen soldiers. Trains bringing 3743 men are expected. 491 of this number consisting of men from Alameda and Solano counties. Yesterday's arrivals totaled 1874. In two hours about 30,000 men of the third quota were greeted by the cheering officers—a record so far. Up to 5 o'clock but 200 men had come into camp and then came the Seattle and Everett contingents. By tonight it is expected that the entire quota will reach the estimated 30,000.
 It was announced today that officers and men entitled to vote in the election of November 6 will be able to cast their ballots in camp. Secretary of the Treasury William C. McDonald will come to the camp on the Liberty loan tour Tuesday morning, when he addresses 30,000 men on the parade ground.
 Organized athletics at camp are in the course of being prepared. Regimental and battalion athletic officers, with G. C. Cook, camp athletic director, at headquarters.
 Two alleged deserters will be taken in hand by the federal authorities today. The first is Harry Nezes, who surrendered himself to the sheriff of Pacific county and will be brought here today. John Solomitis, another man suspected of desertion, will be brought here by United States Marshal Boyle.
 The men will see the world's series baseball game through the medium of an electric sign board, which will be placed on a platform so that all of the men in camp may see.
 George A. Barry, who arrived at Camp Lewis with the last draft contingent, has written asking that men be sent to the camp to see the world's series game. Barry was employed before leaving to train with the national army.
BRING OLD CLOTHES.
 PAID. Also, Oct. 5.—Blaine Stevens of Palo Alto, Stanford baseball star, in a letter to a Pacific coast friend, advised all those who have been drafted and are going to American Lake to bring all their old clothes and underwear with them. The weather is cold.

FRIDAY, OCTOBER 5, 1917.

BOLA PASHA.

Through the uncovered record of Bola Pasha the government has found that Count Bernstorff, the former German Ambassador at Washington distributed some \$26,000,000 in the United States; through Bola Pasha, \$1,600,000 of German gold was sent to Paris to be used in attempts to corrupt French sentiment and opinion.

Bola Pasha is a real human creature, a French citizen of Oriental birth. But he might more correctly be considered a symbol, an exemplar of the Prussian conception of "diplomacy" and national and personal honor.

He is no worse, and no better, than Bernstorff, Luxemburg, Zimmermann, Eckhardt and a score of other agents of plots and intrigue. This despicable crew called themselves diplomatic representatives of the Kaiser and thus were given entrée to the neutral capitals of the world. But their regular occupation was international crime.

No doubt the German government "slush" fund contaminated many citizens in neutral countries. Its disbursing agents were crude, vulgar, lacking in discrimination. Many of those caught in the government drag net were willing to sell their soul for gold, others were at heart traitors and needed but small inducement to betray their country, while others were simply gullible dupes.

Let them all be put on exhibition, without discrimination, that the country may identify them for future references, and the law may punish according to the merits of each case. If we purify the nation of the miserable breed that worked with and for the criminals of Berlin, and do that only, the war will not have been in vain.

CHARGES AGAINST LA FOLLETTE.

From the Philadelphia Evening Telegraph we get a fairly accurate appreciation of Senator Robert M. LaFollette of Wisconsin. "When the full case of the American people against Senator LaFollette is summed up," says this newspaper, "one of the deadliest counts in the indictment will be that he is tiresome. Admirers of the Wisconsin leader may crave a less commonplace charge to adorn their hero, but the simple truth is that the people find him an unconscionable bore."

This does not say all that may truthfully be said of LaFollette, but it places in the foreground a characteristic of the man and a feature of his misdeeds that causes a large number of persons to doubt whether it would be proper to heed the nation-wide clamor to dismiss the Wisconsin man from the United States Senate. It is often difficult to be patient with bores, but occasionally it is better than to lose temper.

Taking all the evidence that constitutes Senator LaFollette's official record in Congress since the declaration of war, and prior to that event, it is difficult to acquit him of the charge of disloyalty to the American people and to their government. And when the country is at war, only the alien enemy, the intellectual egotist and the moral pervert can distinguish a dividing line between disloyalty and treason. If his reasons had not been so well known the people might have found it in their hearts to forgive LaFollette for voting against the declaration of war; they forgave Miss Jeanette Rankin. But they knew from the record that the Wisconsin Senator was a Prussian sympathizer.

After the war started it was not possible for the patriotic people to pardon any man who devoted all his energies to obstructing and defeating the accepted purpose of his country. Once war was declared the time for discussing whether or not America should have gone to war had passed. The war then became the enterprise of the American nation in which the welfare of every citizen is inevitably involved. He who stands against measures and laws necessary for the prosecution of the war at the maximum of effectiveness is a traitor.

The organizations and individuals that are insisting upon the dismissal of LaFollette have other recourse. He is not above the criminal laws of the land. If he has violated the sedition law or the ancient statute providing for the punishment of treason, he may be tried in the federal courts. And again the people may demand an audi-

ence to hear Senator LaFollette; that probably would be the most severe punishment that could be devised.

A DEFENSE FOR THE CROW.

In a recent issue of the Agricultural Gazette of Canada may be found an article by Mr. Norman Criddle of the Dominion Entomological Department describing what the author considers the usefulness of the crow. It is claimed that when the crow follows the cultivator, the harrow or the seed drill he is not looking for grain, and the succulent roots of young crops, but hunting various larva, such as cutworms, grubs and wireworms; that when great flocks of the black pests light on the growing fields they are looking for insects, frogs, toads and snakes. Mr. Criddle also cites a case of crows meeting and turning back a great avalanche of army worms and thereby saving an oat patch.

This, it probably will be found, is one of the first instances in literature of a defense for the crow. No farmer has ever considered that any virtues the crow might possess were sufficient to offset the just causes of animosity against him. Therefore it is useful as an illustration to show that if the most despised creature will wait long enough he will find a champion.

Perhaps the crow does possess the capacity to bestow benefit upon the human race. Until the appearance of Mr. Criddle at the far-off laboratory at Treestbank, Manitoba, he had never met what might be called an optimist. Man may have been altogether wrong in pursuing a policy of hate toward the crow, which shows that hate is never the best nor the safest policy.

The New York Nation calls attention to the fact that war has again taken toll of art in the death of Maciste, real hero of that most beautiful of all moving picture dramas, Cabiria, and adds: "No more fitting end could be imagined for the Italian actor, Athos, than this, on the scarred Bainsizza plain, which is no plain at all, but a jumbled mass of rugged mountains, thrown together helter-skelter—amid titan warfare of scaling inaccessible cliffs and dodging deadly showers of rock splinters. Maciste belonged to such scenery. He was a galliard Samson, at his best when moving mountains and overturning temples."

Fresno reports that the 1917 raisin crop is the largest of record. Approximately 150,000 tons, representing \$15,000,000 to the growers of California, are now to be harvested and prepared for the market. While the money value to the fruit men of the State is considerable, the quantity and quality of the food out-put in this one form is sufficient to carry much comfort to a world that is anticipating short rations.

Count Czernin, the Austro-Hungarian foreign minister, declares that an early peace is possible. But it is not possible upon the terms of Austro-Hungary and Germany; the terms of France and the United States comprise, figuratively, the only straw of hope to which Count Czernin may cling.

President Wilson cannot fail to sign the bill providing for the repatriation of Americans who joined the allied forces before America declared war. Theirs were ideals and theirs a vision of danger far in advance of the government of the United States.

From the daily accounts of the maneuvers preliminary to the conflict between the Chicago White Sox and the New York Giants, which starts next Saturday, both belligerents appear to be proficient in the use of gas.

IN THE MESA VERDE.

There is reason for believing that a people advanced in civilization dwelt happily in what is now known as the Mesa Verde region of southwestern Colorado, ten, twenty, thirty, or forty thousand years ago, but who they were, what they wore, and how they disappeared, are questions that are left to the deductions of such delvers after remote facts as Dr. J. Walter Fawkes, of the Smithsonian Institution in Washington D. C. or to the conjectures of such lovers of the wild places of America as Enos A. Mills. The pueblos of the strange inhabitants of the Mesa Verde are now embraced in one of the many great national parks of the United States, in a reservation, that is, which insures the preservation of the excavated monuments of a bygone civilization, and a continuance of the research which is slowly but surely weaving, from the uncovered material, at least an interesting story of the period of the cliff dwellers.

The unearthing of the Sun Temple has probably excited more interest than any other achievement, thus far, of the archaeologists engaged in this region. Because of evidence of more advanced ideas in its construction, superior ornamentation, and so on, the conclusion was formed, too hastily, perhaps, that it represented a period much later than the cliff dwellings and some of the other excavated pueblos. Its better workmanship and more elaborate decoration might, however, be accounted for by assuming that into this temple was poured the genius of the existing civilization. Such a presumption is not inconsistent with the theory that the Sun Temple marked the height of the civilization and the close of the community life for which it stood.

Dr. Fawkes made some remarkable discoveries amid the mounds of the Mummy Lake region of the Mesa in the summer of 1916, and has continued his useful labors through the season just closed. Mummy Lake, it would seem from his investigations, was in reality a reservoir for the irrigation of land that must have been marvelously prolific. Far View House was uncovered in this district, and takes its name from the circumstance that it stands upon an eminence which affords a wonderful panoramic view of the country for many miles around. The Mummy Lake clearing, it is explained by the United States Geological Survey, is still extremely fertile; the region in the summer season is a veritable flower garden. Every year adds to the number of wonderful things brought to light in this, perhaps the most unique of all the great national parks. Numerous mounds still await excavation. So far as investigation has extended, it is already settled beyond dispute that the cliff dwellers were a much more numerous and important people than was at first supposed. Not the least among the thousands of things to attract the visitor to their haunts is the endless opportunity afforded for indulgence in speculation. One gifted with a fairly developed imagination may begin in the morning, and end late at night, in the cultivation of fancies, without more than scratching the soil of a fraction of this land of conjecture.—Christian Science Monitor.

NOTES and COMMENT

The Kaiser prays that Von Hindenburg may live until German victory shall be won. In which case Methusalem would lose the record.

LaFollette is said to be considering an answer to his critics in an address. He is not likely to recant and it is not a good time for more of the stuff that he has been uttering, so the wise thing would seem to be to let it go at that.

The Stockton Mail blows the trumpet: "Police in San Francisco refuse to accept \$10,000 for extra duty in connection with the strike. Now let Gabriel blow his trumpet, even if the Adventists haven't got all their dreammaking done yet. But maybe it's politics instead of religion."

Inflammable observation from the Salinas Index: "In spite of the danger of assembling so much combustible material in one place, the Red Headed League of America is again meeting at Indianapolis."

Reprisals by Britain on German air raids is a great modern instance of exigencies outweighing human instincts. It has been concluded that savagery is not impressed by civilized methods and must be met with the same sort of warfare.

The Richmond Record-Herald suggests a parallel. "Berlin is still celebrating the capture of Riga. Sounds like the head of a household coming home and boasting of having taken candy from a crippled newsboy and being congratulated by his family."

The San Jose Mercury-Herald is thus ungallant: "Is there no redress for lecturers? Must they continue to face women audiences, absorbed in gray mufflers, knitting needles and the next stitch? There are other people than lecturers who are a bit wearied with the eternal knitting, but will it be surprising if some day some of the latter say, 'Stop knitting or I stop talking?'"

The Lester, Kansas, Topic calls for embargo, or reform, or something. "Nearly all the men in town were down at the depot this morning to see the comic opera troupe go through. This should be stopped."

The recent disclosure of Angel Island graft seems to be almost as bad as that unearthed more than a year ago, which was somehow overlooked, notwithstanding Federal indictments of a number of those present.

The recent Federal activity against the I. W. W. has at least checked their flagrant defiance of the laws, assaults upon people and destruction of property. That is a considerable gain, though it may not amount to an entire correction of an irritating trouble.

And despite the worry and agony of Senator Reed over the food dictatorship, it will be noted that Herbert Hoover has not yet throttled the country nor has he turned its supplies over to England.—Hartford Post.

"I CAN INVENT NO MORE, YOUR MAJESTY."

FORGET-ME-NOT

(To a Soldier)
I know no fear, though worlds divide,
For love like ours can never die.
You do not need this flower sweet,
To keep you true
But place it o'er your heart, dear one,
For stars that gleam on field of blue,
For red for valor, white for truth,
Call, love, for you!
Chorus—
Forget me not, forget me not,
I know you love but me,
Forget me not, forget me not,
I love, I love but thee!
O love, my heart longs so for you,
O flower of blue—o'er heart so true;
O sky of blue, bend o'er my love,
Dear love, o'er you,
And when with vict'ry crowned, you come,
Bring back the flower of heav'n's own hue,
From o'er my heart its mate I'll take,
And give to you.
—Ada Kyle Lynch
Oakland, Cal., Sept. 27, 1917.

TODAY 20 YEARS AGO

Mrs. Sarah C. Sanford of this city was a speaker at the annual convention of the California State Woman Suffrage Association which opened in Golden Gate hall, San Francisco.
Lack of co-operation on the part of professional musicians, it was said, had much to do with the failure of the Musicians' Club of Alameda county, which disbanded.
Health Officer J. P. Dunn and Assistant Sanitary Inspector Perkins began an inspection of the public schools in the city to ascertain their condition in the way of light, heat, ventilation and sanitation.
Fearing return of the days of 1875-86, when "Sunday was made a day of demoralizing and groveling pleasures," Rev. F. D. Bovard of Alameda expressed his displeasure of Sunday baseball games.

THE FIRST AVIATOR.

The witch flew on a broomstick. "Substitute for a biplane," she explained.—New York Sun

THE JESTER

Hooverism Gone Mad.
From a food journal: "Castor oil can be used instead of butter when cooking buttered eggs, and if flavored with pepper and salt will be undetectable." Ugh!—Boston Transcript.
A Veteran Soldier.
Tired Tompkins—Won't you give a veteran something to eat, mam?
Lady of the House—You a veteran? You were never a soldier, I'll be bound.
Tired Tompkins—Lady, you do me an injustice. I have done nothing but soldier all my life.—Exchange.
The Incomplete Angler.
"Wot why no beer to be 'ad and the cruel price of 'fisher, fisher' ain't worth the trouble, Bert."—The Passenger.
Glimpses Of The Future.
Maid—Mr. Jones, sir—him wot killed seventeen Germans in one trench with his own 'ands—as called for the gas account, sir.—Punch.

'YOU PINCH,' OBJECTS MAN ON SCAFFOLD

BULLETIN.
SAN RAFAEL, Oct. 5.—Lon Hadley, negro slayer of John McGovern in Los Angeles April 3, 1916, was hanged at San Quentin prison today. As they were adjusting the rope around his neck, Hadley complained: "You pinch; not so hard."

The execution took place at 10:20 a. m. He was officially pronounced dead thirteen minutes later.

FEET ARE CLEW.
LOS ANGELES, Oct. 5.—Lon Hadley shot and killed John McGovern in the doorway of McGovern's home here on the night of April 3, 1916. The negro was caught two days later and the police fastened upon him a series of other crimes, including two attacks on women and fourteen burglaries. He was convicted almost solely because of his enormous feet, the photographs of the imprints of tennis shoes he wore in various robberies corresponding with the tennis shoes he wore at the time of his arrest.

He admitted the murder, but later retracted his statements, declaring he was forced to confess because of third degree methods.

School Head Will Tell Public Duty of Chamber

SUPERINTENDENT OF SCHOOLS FRED M. HUNTER.

Civic Obligations to Be Topic of Luncheon

Members of the Chamber of Commerce are looking forward with interest to the address that is to be made at the luncheon of the organization Monday by Superintendent Frederick M. Hunter of the Oakland school department. Superintendent Hunter has made an exhaustive study of civic conditions and the relation thereto of such semi-civic bodies as chambers of commerce, improvement clubs and the like.

At the luncheon Monday Superintendent Hunter will take as his subject "A Chamber of Commerce, Its Duty and Its Obligations to a Community." The luncheon will be held at 12:15 and arrangements have been made to accommodate the entire membership of the chamber. The luncheon will be held in the main dining room of the Hotel Oakland.

"LOST" BOYS ARE HELD THIEVES

Instead of being deserted by their mother, as they told the police, Michael and Alec Padley, 11 and 8 years of age, voluntarily left their home at Twelfth and Dolores streets, in San Francisco, and turned burglars in Oakland, according to inspectors Lou Agnew and William Smith, who today recovered the lost taken by the boys from Mrs. W. R. Dunbar of 842 Santa Rey avenue.

The police inspectors went to the Detention Home where the boys have been incarcerated since they were turned over to Mrs. A. Spinkola, landlady of a Twelfth street rooming house, several days ago. They first said that they had been put on a train bound for Oakland by their mother, who was working in a cannery somewhere and their innocent demeanor deceived the authorities until word was received from San Francisco that the boys are on probation there in the Juvenile Court. They violated the terms of their probation by running away and they will be returned to the San Francisco authorities.

Accompanied by inspectors Agnew and Smith the boys today went to Santa Rey avenue and brought to light from underneath a street crossing two toy banks and two pairs of auto glasses which they had taken from the Dunbar home. The \$10 in the bank they had spent. The boys also admitted having tried to enter a grocery store of C. W. Tripe at 116 Twelfth street, from which they were frightened.

FEELLEY TO LECTURE.
Thomas Feeley will lecture at Debs hall, 1022 Broadway, Sunday night, at 8 o'clock. His subject will be "The Cause of Russian Distrust of the United States." Admission will be free.

U. S. TO AID IN HOUSING OF WORKERS

Efforts by The TRIBUNE to inaugurate a campaign of community interest among business, real estate and financial factors to provide suitable accommodations along housing lines for the industrial population which it is estimated will exceed 37,000 persons by next year, received additional impetus this morning, when announcement was made by the government at Washington that crowded industrial living conditions were hampering war work.

The declaration of the degree to which insufficient housing accommodations were operating, as a drag upon the Federal contracts was made today by the advisory commission of the National Council of Defense. Announcement was also made that a policy was shortly to be formulated of a remedial nature by which quick relief could be afforded, either through Federal financing of some community home building program or in aid of private enterprises equipped for such work.

The situation, according to the national council commission, is particularly acute in many cities, notably Bridgeport, Conn., Akron, O., Newport News and Norfolk, Va., and in several New Jersey towns. In Oakland similar conditions exist on account of the fact that no provision has been made to meet the rapid influx of workers and unless something is done quickly, conditions will be beyond conservative description. Philip Hiss, New York architect and chairman of the committee's sub-committee on housing gave the commission facts and figures. He has just returned from an investigation of eastern and middle-western conditions.

According to Hiss, immediate relief is the prime demand of the hour unless war orders are to be materially hindered through lack of expansion possibilities. Additional workers required for war work cannot find suitable homes and reasonable prices for themselves and their families. This situation is becoming particularly acute in Oakland and so far nothing has been done to meet the situation.

President Wilson's attention was called to the situation several weeks ago when he requested immediate investigation and a full report on conditions with recommendations. In discussing the situation today, members of the advisory committee declared that it might be possible to use funds from the war emergency fund for direct government aid; it being generally understood that the millions of dollars required for such a purpose could be made available from Congress at the present session.

Suggestions made today at Washington embraced the establishment of an official government housing commission to supervise government housing projects, to house and urging upon manufacturers and manufacturing institutions, chambers of commerce, civic, commercial and improvement bodies as well as city planning commissions and capitalists throughout the country, the necessity for the immediate construction of adequate accommodations to house the thousands of workmen who have become a part of Uncle Sam's big industrial family.

BIG SERIES PLAYED HERE OVER WIRES

"Cloudy tomorrow," says the weather man. That won't bother Oakland fans. Clouds won't matter—in fact it would even have to be a pretty thick fog to prevent their seeing The TRIBUNE scoreboard, when the World's Series is flashed, play by play, over the telegraph to Oakland; and to the great mechanical ball player that will give the news from the San Pablo avenue side of the Kahn building.

At the game a fast operator—one of the best experts that ever handled a wire, will click the news in dot and dash as the game progresses. The other end of that wire will be connected direct to The TRIBUNE scoreboard. The scoreboard will be visible from five streets.

"SEATS" FOR ALL.
Every spot along the City Hall plaza will be as good as a reserved seat. Time differs, so the game will be played here "earlier" than in the East. When the game is in New York the scoreboard will start at about 11 o'clock. When the game is in Chicago 12 o'clock will see the first inning on the scoreboard. Then, if the fans cannot be at the scoreboard, The TRIBUNE baseball extra will give them the inside on the game every day. Three great news services, The Associated Press, United Press, and International News Service, will gather the news for them.

FAMOUS EXPERTS.
H. C. Hamilton, the United Press sporting editor, will be on the job for The TRIBUNE readers every day. Tad, the famous humorist and sportsman, will tell the funny side of it. Jack Veck, sporting editor of the International News Service, will cover the news end. Barry Paris, day manager of the International News Service, will send the accounts play by play. The Associated Press baseball experts will lend The TRIBUNE readers their eyes. They see all.

College Tea, Hearst hall, U. C., 4 p. m.
Celebration for men leaving for camp, Alameda, evening.

FOR DRAFT FRAUD

NEW YORK, Oct. 5.—Maximum prison sentences of two years each were imposed in the federal court today upon Dr. Henry Sellman, physician of a Brooklyn draft board, and Nathan Ehrliche and Lazarus Jacobson, clerks, as penalty for receiving money for exempting a man examined for the draft. Sellman, in addition, was fined \$3000.

BAKER IN SERVICE

WASHINGTON, Oct. 5.—Colonel Frank Baker, retired, was recalled to active service today and named commandant of the Benicia arsenal at Benicia, Cal. He relieves Lieutenant Colonel Herman W. Schulz, who is ordered to the office of the chief of ordnance for special duty.

SEEK IDENTITY OF SUICIDE; OAKLAND MAN?

Efforts are being made by the authorities to clear up the identity of a man who committed suicide in New Orleans after leaving \$850 with a preacher, and who is believed to be Mark W. Rutledge of this city. That name and address were found on an identification tag on the man's coat. Two revolvers, fifty cartridges, a silver watch and \$115 in cash were found on the body. A note found with the money left with the preacher said: "Spend this money as honestly as I was earned."

John A. Riken, an Oakland tailor, whose label was found in the suit worn by Rutledge, says his shop record shows a suit was sold to Rutledge in 1916.

Rutledge, according to the tailor, said he was employed by the San Francisco-Oakland Terminal Railroad. Rutledge also spoke of wealthy relatives living in Canada.

ASK THE TRIBUNE

STATE BARES EMPLOYMENT 'SHARK EVIL'

Warning against private employment agencies who are lording it over women has been sent broadcast by State Labor Commissioner John McLaughlin. He declares his office has been flooded with complaints from persons who have been victimized.

In the case of one agency, it is stated that a workingman was charged \$62.50 for a position yielding \$100 a month. Other high charges have been reported and a sweep investigation may follow a revelation of conditions throughout the state.

Across the bay San Francisco nations are busy with the allied bazaar.

MISS ALICE PALMER, who is a member of the "flying squadron" of cavalry fete, who are to visit Mrs. Oscar F. Long at the Baby Hospital ball tomorrow night in the municipal auditorium.

with a number of the sorority girls from Berkeley.

WOMEN WILL AID IN RELIEF FUND

The Jewish women of Oakland have also taken up the work of raising subscriptions to the Jewish Relief Fund. The fund is being raised in Oakland for the aid of the Jews in the war zone of eastern Europe. Mrs. B. L. Mosbacher has undertaken the work of organizing the women into a committee to assist the general committee in the collection of the fund. The fund is being raised in Oakland for the aid of the Jews in the war zone of eastern Europe. Mrs. B. L. Mosbacher has undertaken the work of organizing the women into a committee to assist the general committee in the collection of the fund. The fund is being raised in Oakland for the aid of the Jews in the war zone of eastern Europe. Mrs. B. L. Mosbacher has undertaken the work of organizing the women into a committee to assist the general committee in the collection of the fund.

The general committee, headed by Frederick Kahn, is working hard and has met with splendid results. Subscriptions are coming in from hundreds of voluntary contributors and the fund is growing rapidly. Though only two days have been devoted to the campaign, the original \$3000 pledged at the Tuesday night meeting has been added to vary materially. Owing to the great amount of work necessary in securing a systematic survey of the Jewish people of the east bay district, no list could be prepared today.

RECEIVE CONTRIBUTIONS: Only the Jewish people are being canvassed, but some contributions have been received from those of other faiths who recognize the great needs of the Jews in this most terrible of war zones, east of Russia and the Balkan states. Contributions will be received by B. L. Mosbacher, the treasurer of the general committee, at 117 Fourteenth street.

One woman has been great and Mr. Kahn, "and the very justice of our cause has appealed to all. What we want is immediate contributions so that the sufferings of the coming winter can be alleviated to some extent."

been the inspiration for several smart affairs during her visit here.

At 7 o'clock last evening the marriage of Muriel Falk and Lieutenant Darrell Bogardus of the Marine Corps was solemnized at the home of Mr. and Mrs. J. R. Hanity at Sausalito in the presence of a small company of friends and relatives. Rev. George Rasmus officiated. The bride is the daughter of Mr. and Mrs. C. E. Falk of Berkeley and a granddaughter of Noah Falk, a pioneer of Northern California. The young couple met at the University of California.

The bride's gown was an exquisite pattern of silver brocade and tulle, with which she wore the bridal veil of tulle and carried a shower of lilies of the valley. There were four little flower maidens—Elsie Weidenmuller, Lucinda Hanity, Gladys Brody and a daughter of Mr. and Mrs. C. E. Falk of Berkeley.

Mr. and Mrs. Hermann Krust, with Mr. and Mrs. Edward Golderman and Miss Katherine Golderman, attended the wedding.

CALUMET BAKING POWDER

Wholesome Clean Dependable

Wholesome because it contains only such officially approved by the United States authorities.

Clean because it is manufactured in the most sanitary baking powder plant in the world, equipped with specially designed machinery to prevent exposure and contamination. It and its materials are untouched by human hand from the start to the finish in the sealed can.

Dependable because every possible precaution known to Baking Powder scientists—the combined knowledge of a staff of Baking Powder experts—25 years of practical experience in the manufacture of Baking Powder—is used in our efforts to make its keeping-qualities perfect.

Dependable because Calumet is the Baking Powder that contains a small amount of dried white of egg—the ingredient that makes possible the "Water Glass Test." This test is a simple but important and positive method that enables you or anyone to easily prove that Calumet has preserved its remarkable leavening power.

Our salesmen frequently test the Calumet Baking Powder they find on the grocer's shelves to make sure that it is up to the Calumet standard. This makes sure that it reaches you in the same perfect condition as it leaves the factory.

The test is not a comparative test of the strength of different kinds of Baking Powders. The "Water Glass Test" does not show the strength of a Baking Powder that does not contain white of egg. It does, however, show the superiority of Calumet in other respects.

The "Water Glass Test" furnishes a guarantee of reliability. It is Baking Powder Insurance.

Let us send you free a "Big Story in a Little Book," which describes the Water Glass Test.

Calumet Baking Powder is guaranteed to give satisfaction in every particular, and to be as represented in every respect.

Calumet Baking Powder Co., Chicago

Howard Newcomb Pratt, the fiancé of Miss Edith Wilson of Claremont, leaves tonight for the east after having visited his parents, Mr. and Mrs. B. N. Pratt of Berkeley. After the first of the year, Miss Wilson is planning to join her fiancé in the east, the wedding of the young couple to be solemnized there.

Visitors to California are Mr. and Mrs. Robert Hunter of Stanford, Gonnecticut and their children, who are at present the guests of Mr. and Mrs. H. D. Hunter at the Hotel Shattuck in Berkeley. H. D. Hunter is with the First National Bank in Berkeley. Robert Hunter is a writer of note. He has written extensively upon settlement conditions and sociology. He has also found time to give to outdoor sports and is one of the best amateur golf players in the state. Mrs. Hunter is the daughter of Anson Phelps Stokes of New York.

Mrs. Ralph Sloan will entertain informally at her home in Alameda Monday evening, in compliment to Mrs. Clarence Eddy, wife of the organist, and Miss Edith Benjamin.

Mr. and Mrs. Tyler Henshaw are expected home this week from the north. They have been enjoying a stay at Cannon Beach, a seaside resort of Oregon. The Misses Dorothy and Ida Henshaw have just returned from Yellowstone Park, while Mrs. Pearl Cavston Fillmore returned but recently home from Alaska.

Rosecrest, the home of the William Griffith Henshaws is to be opened the latter part of this month, when the family will return from Montecito, Santa Barbara county.

A little daughter has arrived to gladden the home of Mr. and Mrs. George L. Bell (Rose Schmidt). Mrs. Bell was one of the popular girls at the University before her marriage.

Tomorrow evening there will be the usual dinner dance at the Hotel Claremont. Both the Shattuck hotel dance and the Claremont Country Club opening (which was to have been tomorrow night), have been postponed for another week, because of the Baby Hospital Association ball.

October 15 Mrs. Frank Mercer Davis expects to leave for her home in Canada, after having been a guest at the home of Mr. and Mrs. Rupert Whitbeck of Oakland for the past two months. The young nation has

HERE THEY ARE!

NEW QUOTA READY FOR DEPARTURE

Nearly 100 men are expected to make up the Oakland contingent that will be sent to the National army training at American Lake, next Sunday. The local exemption boards have their estimates on the number of men they have certified to the district board in San Francisco, but the figure may be increased or diminished by the action of that board.

In the district board claims for exemption on industrial grounds are acted upon and after the refusal of a local board to grant exemption on the ground of dependency is reversed by the higher body. The number may be increased by the district board acting on an unusually large number of cases. The exact number and the names of the men will be known tomorrow.

As in the case of the departure of the last contingent no attempt will be made to hold a public leave-taking. Earlier efforts along that line proved that the public did not respond in a way to make the showing adequate to the importance of the occasion. The men entrain quietly at 1 o'clock Sunday afternoon.

MENT EXAMINED
Division No. 2 held physical examination.

"Tell Me How to Be Beautiful"

Get Rid of All Pimples, Blackheads
and Skin Bruptions. Purify the
Blood With Stuart's
Calcium Wafers

TRIAL PACKAGE MAILED FREE.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush
Kidneys If Bladder Bothers
You—Drink Lots of
Water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority. Because the uric acid in meat excites the kidneys, the disease overworked, gets sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before or after the meals a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and to stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Advertisement.

AMBULANCE IS SMELLED WHEN TOMMY NEARS

So redolent of the unwelcome odor of filth and other drearings for the wounded was that part of Broadway in the immediate vicinity of the postoffice today that a British Tommy, here from France, declared he smelled an ambulance, around the corner. However, proved to be huge dray wagons engaged in removing the furniture, bandages and other effects of the Oakland Chapter, Red Cross, to its new headquarters at 1550 Broadway. The removal was carried out under the direction of Red Cross officials including J. W. Garthwaite, Mrs. Ollie Snedgar and Miss Mary Thomas. The chapter has closed its former headquarters at 350 Fourteenth street and will open its new offices, situated near the postoffice, on Monday. This, the third time that the chapter has taken new quarters.

TEMPLARS VISIT ORPHANS' HOME

Delegates to the State Grand Lodge of the International Order of Good Templars which has been in convention in the Municipal Auditorium this week, visited the Good Templars' Orphanage Home at Vallejo today. A meeting of the board of directors of the home was held there during the visit. Today's trip to Vallejo will bring the convention to a close. About 100 delegates, most of whom were from the southern part of the state, attended the convention. They held three business sessions yesterday, the busiest day of the convocation, electing and installing the grand officers and considering the international supreme degrees and the grand lodge degrees on a number of the delegates.

tions for 100 men today in the basement of City Hall with a showing of a particularly high average. These examined under the present call have shown less than 15 per cent physically deficient. The greater number of rejections are on the ground of heart disease in some form, or deformity. Of the whole number examined fully 20 per cent are found physically fit and do not ask discharge by the local board.

Another hundred men will be examined in Division 2 tomorrow, and Mark A. Thomas, chairman of the Division 2 board expects to have a contingent of 84 men to send to Camp Lewis a week from today. In general the chairman of the local divisions say they are having less trouble than at first from failure of men to appear for physical examination. With very few exceptions it is found that if a man fails to appear there is a legitimate excuse and the slacker seems to be falling from the land.

MANY EXEMPTIONS.
In the matter of exemptions, however, there seems to be a wide variety. Dependency is the usual ground of exemption claims, but a physical imperfection that not long ago was regarded as a misfortune, now leaves its possessor pleased and proud and an object of envy to the sound in wind and limb.

In one of the boards recently a doctor reported that the heart of a subject seemed a little flabby, but he believed it was only nervous reaction, and wanted to examine the man again. Soon afterward the man came to the board room. He looked like a promising candidate for exemption, and the board announced that his heart was weak.

"What seems to be the trouble?" the chairman asked.

"Athlete's heart," answered its robust owner. "I knew I had it, and again looked pleased. Then he was told the heart would have another investigation, and went away to await orders.

QUOTA NAMED.
Some of the men scheduled to leave District No. 6 Sunday for training are: John F. Raleigh, Nathaniel E. Rockwell, Ferdinand Ostruy, Ernest B. Ballard, Wm. Heard, Ernest E. Guido, Joseph E. King, Harold E. Hodge, Joseph E. Hodge, Henry J. Anderson, Alfred F. Perry, Attilio Ottolillo, Otis Edw. Gordon, Herman H. Nichols, Sidney James, Mike Regaller, George Rasmussen, James A. Dolg, Chas. P. Edmund J. Costa, J. F. Pimental, Arthur B. LaCosta, Earl Malcolm, Guiseppe Scianini.

IS JAILED AGAIN

John M. Thomas, the "barefoot burglar" of Berkeley, and latter convicted who was sentenced to San Quentin in 1913 for burglary, was released yesterday and arrested, at the gate by United States Deputy Marshal Bohn on a charge of embezzling the United States mail. He was brought before Circuit Judge Morrow this morning and entered a plea of not guilty to the charge and exception to this was taken by Assistant United States Attorney Folston. Judge Morrow said:

"If you will change your plea of guilty I will take into consideration the destitution of your family and make the punishment very light."

Thomas refused to do and he was released on his own recognizance and the date of trial set for October 26.

PLAN PROGRAM

Following Governor Stephens' proclamation regarding Patriotic Week, schools and teachers of the Grant school, Broadway and Twenty-ninth street, have prepared an American program for tonight at the school building.

The program consists of the following numbers: Overture, Grant school orchestra; remarks, Teacher Fred Horridge; "Battle Hymn of the Republic" by a chorus of 250; patriotic quotations from President Wilson, Abraham Lincoln and Governor Stephens, rendered by Frank Saake, George Reedy, Charles Edwards, Brooke Petray, Jeanette Paulsell, Edith Clegg, Kenneth Mainard and Lloyd Young; "My Own United States" special chorus; music by the orchestra; address by District Attorney W. H. L. Hynes and "America" by everyone present.

BIG DAHLIA SHOW

The office of County Assessor C. F. Horner was transformed into a bower of loveliness this morning when twenty deputy assessors entered wonderful dahlias in a flower show. Over five hundred blooms are on display, comprising more than two hundred varieties.

The show is under the management of Deputy John Laughlin. Deputy Paul Schaefer is president and Deputy Joe Callaghan secretary.

Exhibitors are entered by the following names of Assessor Horner's staff: C. F. Fraser, P. Schaffer, A. Alken, J. Burgess, C. Connor, J. Callaghan, H. Dexter, N. Edger, C. Johnson, R. Lees, J. Lundquist, R. Lloyd, E. Murphy, J. McEwan, Dr. W. Van de Mark, Dr. W. J. Mathews.

CITIES WILL OPPOSE GAS RAISE PLEA

Certainty that Oakland, Alameda, Berkeley and other east-bay cities intend to combat efforts on the part of the Pacific Gas and Electric Company to secure a raise in gas rates in this district in accordance with a petition filed with the State Railroad Commission has been given in the opposition which has sprung up over night in many quarters of the county.

Primary action is predicated by the Oakland city council, which has requested the city attorney prepare for the presentation of the municipal negative before the state commission when the matter comes up for official hearing. Not only the Oakland council but the administrative bodies of other cities are likewise girding up their legal loins for the fray. Mayor Davis said today that he will ask the council to instruct the city attorney to get in touch with representatives of other cities in Alameda county and prepare to oppose the application.

The raise in rates is of particular interest to the city of Oakland through the fact that a considerable amount of gas is used for street lighting purposes. In the individual and factory uses, it is already reckoned as one of the expensive factors in the manufacture of certain standard products and is demanded for furnaces, ovens and other utilities throughout the manufacturing section of the city. Here is where the greatest hardship in the matter of advanced costs would occur.

INCREASE 12 1/2 PER CENT.
The average increase in rates requested by the corporation amounts to approximately 12 1/2 per cent over present rates. This increase, according to east-bay manufacturers, is a considerable amount when the total amount of power used per month is figured in terms of operating expense. The company's argument that increased costs of fuel oil, labor and materials is being met by the counter-argument from manufacturers that equal raises in value have been thrust upon them by war conditions and further costs would be prohibitive.

BERKELEY TO ACT.
BERKELEY, Oct. 5.—In response to the efforts of the Pacific Gas and Electric company to secure an increase in gas rates in this and other bay cities, the city council this morning decided to institute suit at once for a reduction of the electric light rate. The suit will be entered in the State Railroad Commission and B. B. St. George, city attorney, said the chamber is expected information at any time from the State Railroad Commission to the effect that the suit has been entered and will be heard at an early date.

NG TO LECTURE
Oriental dances, together with an interesting address by Ng Poon Chew, Chinese editor and orator, will feature tonight's entertainment at the Franklin school, Ninth avenue and Berkeley street, when the school's Parents' Teachers' Association provides a program of pleasing variety for the benefit of Oakland's chapter, Red Cross.

Ng Poon Chew, editor of the leading Chinese daily newspaper on the Pacific Coast, will talk on "Present Conditions in China." Not only is Ng, fluent talker in English, but his education and capable observations have given him the reputation of being one of America's best informed Chinese. Chinese girls and boys will perform, giving Chinese tableaux and dances. All proceeds will be turned over to the Red Cross.

BOY GOES TO IONE

John M. Baker, 14-year-old confessed slayer of Emilio Turner, aged dairy rancher of the Berkeley hills, was taken late yesterday to the State reform school at Ione. James Fee, Baker's associate in the crime, was sent to Whittier.

The decision to treat the culprits as juvenile offenders was made after the District Attorney's office determined that there was no authority for any other disposition of their case. They will be detained at the reformatories until they attain the age of twenty-one and if they prove to be incorrigible, will be brought back and tried as adult offenders.

PLOT REVEALED

BELLEVILLE, Ill., Oct. 5.—Conclusive evidence that there was a negro plot to massacre white people preliminary to the East St. Louis riots was the outstanding belief today in the trial of thirteen negroes charged with inciting the riots.

WILL FACE JURY

One move in the campaign that is being planned by Federal officials against those who are selling liquor to soldiers and sailors in uniform was made today when William Horvath was arraigned before United States Commissioner Krull and held to the grand jury on bonds of \$500. Horvath was arrested last night at Sixth and Broadway in the act of selling liquor to two soldiers. He refused to give his residence, and according to the federal authorities, is not a saloon keeper but a bootlegger only.

Are You Pale and Listless?

Do you feel chilly when other people don't? Is your appetite poor? Do you easily become fatigued? Does your vitality seem sapped? If some of these symptoms are accompanied by fever you should consult a good doctor quickly. If fever is absent then you are probably run down because of blood impoverishment.

If you act promptly this condition can be remedied; but it should not be neglected.

FEDERATION WILL BACK RECALLERS

An ultimatum from the newly organized Civic Improvement Federation to Mayor Davis that his supporters in the city council agree to the removal of City Treasurer William Fitzmaurice lapsed at noon today when the official of the federation announced that their body will, at a "secret" meeting to be held tonight, launch themselves into the recall movement.

Failure on the part of any of the council majority members to introduce a resolution or motion to pave the way for the ousting of Treasurer Fitzmaurice, decided by the Civic Improvement Federation, after the council adjourned, when asked regarding the resolution and whether he had intended introducing it said:

"If Mr. Armstrong said it was going to be introduced it must be so."

But no mention was made during the proceeding of such a resolution.

OPPOSES RESOLUTION.
Commissioner Edwards said:

"It is my understanding that the resolution is not going to be introduced today. I am against it."

"This resolution was to be introduced for the purpose of placing Mayor Davis on record as to how far he intends to abide by his campaign pledges," said Armstrong. "A negative vote would mean that the Civic Improvement Federation will get behind the recall. We will meet tonight and 200 delegates will be present. The fact that the resolution was not introduced means that the Mayor dominates the other commissioners. The suit extended to the Mayor to make good on his promises has been lapsed and we are going ahead. All we ask is that Fitzmaurice be removed. We are not demanding that F. A. Cooley, former treasurer, replace him. There is more behind this proposition, but I am not now prepared to say just now what it is. It will all develop in the near future."

"There is one thing about it—George Kaufman has boasted that he put Fitzmaurice into the position of treasurer, and that he is running affairs at the City Hall. We demanded concrete evidence from the Mayor that Kaufman is not the whole thing. So far the evidence has failed to indicate otherwise."

EXPECT ELECTION

Indications today are the amended recall petition of Henry E. Skinner will have only approximately 500 signatures thrown out for various reasons affecting their legality. On the other hand, it is not thought by those who have closely followed the situation that there will be sufficient withdrawal to offset the surplus of signatures for the recall. Estimating that not more than five or six hundred signatures to the petition are invalidated, the forces working for withdrawals in behalf of the Mayor will have to file approximately 500 valid withdrawals, all certified before notaries public.

Friends of the Mayor today practically admitted that an election will be held and from well-informed sources it was stated that there is little activity of effort to obtain withdrawals.

Francis H. Higgins, secretary to the Mayor, expressed himself as believing that an election in the near future "would practically be in the nature of a referendum on waterfront problems."

"While we are opposed to the election on general principles, we feel that the friends of the Mayor feel that the issue involved may well be placed before the people and indirectly it would express their attitude towards the waterfront question."

City Clerk Cummings will report on the sufficiency of inadequacy of the petition at 11 o'clock Monday morning.

SOLDIER AHEAD

After hearing an application by Frank Garcia, a "liberty boy" now at American Lake, to have his alimony reduced from \$50 a month, Judge Koford made an order reducing it to \$15. The judge remarked that the federal law prevented attachment of the soldier's pay, and that the authorities would not allow his return from training for failure to make his payment. The divorce case in which Pearl I. Garcia won the decree and the \$50 a month alimony was tried some months ago.

WILL FACE JURY

One move in the campaign that is being planned by Federal officials against those who are selling liquor to soldiers and sailors in uniform was made today when William Horvath was arraigned before United States Commissioner Krull and held to the grand jury on bonds of \$500. Horvath was arrested last night at Sixth and Broadway in the act of selling liquor to two soldiers. He refused to give his residence, and according to the federal authorities, is not a saloon keeper but a bootlegger only.

No "Tie" For War, Says Pershing; America to Win

A MERICAN TRAINING CAMP IN FRANCE, Oct. 5.—General Pershing in an interview today took exception to the statement here, according to information received here, is being spread throughout America by means of German propaganda that the war on the western front will result in a stalemate. He denounced this as an effort to weaken American initiative. "America has resources in men and material, once they are prepared to add weight to the allies which must force a military decision against Germany," said the general. He added that the American troops were imbued with spirit of aggressiveness and victory.

VOTE ON MOONEY STIRS CONVENTION

SACRAMENTO, Oct. 5.—Scenes of turmoil were staged at the convention of the State Federation of Labor here when President A. W. Brouillet of the San Francisco Labor Council declared belief in the guilt of the defendants in the San Francisco bomb cases and denounced one of their chief defenders as a "skunk." A physical encounter between Brouillet and Selig Schulberg, who had introduced a resolution favoring the defense, was prevented by several delegates. President Daniel C. Murphy and Secretary Paul Scharenburg spoke in behalf of the defense, as also did Edward Nolan, a delegate, who had been arrested with the Mooneyes.

The Schulberg resolution, endorsing the appointment of the Federal investigating committee and declaring confidence in the innocence of the defendants in the Mooney cases, was adopted by a large majority.

DENONCES I. W. W.
Brouillet also created a stir at the afternoon session when he introduced a resolution denouncing the I. W. W.

The resolution, practically calls upon the American Federation of Labor to oust from its councils those who have sworn allegiance to the I. W. W.

Another warm feature of the afternoon session was the speech of M. J. McGuire, leader of the car strike in San Francisco, who, after relating the history of the trouble, denounced the literary business of San Francisco, declaring that it was more of a detriment than a benefit in the present strike.

BAIL IS SOUGHT BY MRS. MOONEY

SAN FRANCISCO, Oct. 5.—Rena Mooney today petitioned the district court of appeals for a writ of habeas corpus admitting her to bail.

Through her attorney, Maxwell McNutt and Nat Coughlan, the petition recites that "I have been tried once and acquitted. The other indictment against me, the trial of which are pending, will have the same evidence by the prosecution as that in the trial wherein I was acquitted, and pray that this petition will be granted admitting me to bail."

Mrs. Mooney originally made her request to Judge Charles G. Smith, a Dunne sitting on bench in the superior court. The first two were in favor of admitting her to bail, but Judge Dunne was against it and her petition was denied. The present petition before the District Court of Appeals will be decided probably tomorrow and it is rumored that it will be granted. If this is done she will be brought into court and the amount fixed by the sentences of the district court sitting en banc.

LUNACY TEST IS DEMANDED BY LAWSON

Despite the fact that he has been found guilty of murder in the first degree, Woodman E. Lawson, slayer of E. H. Wood, may escape the death penalty and possibly the penitentiary, and be sent instead to an asylum for the insane. When Lawson came before Judge Ogden for sentence today (Attorney Karl F. Kennedy interposed motions for arrest of judgment for a new trial; and for a test of the convicted man's sanity, in view of the action of the defendant in attempting to take his life.

Judge Ogden granted the motion for a test of the man's sanity, ordering that the question be submitted to a jury Monday morning at 9:30. District Attorney Hynes offered objection to the procedure, declaring that the defense has had months of time to offer the insanity defense, but Judge Ogden overruled the objection and set the hearing for Monday, even over the protest of the defendant's attorney. He explained that Mr. Wolff, who tried the case, is compelled to be in another court at the time.

Judge Ogden interpreted the law as requiring that the man's sanity, in view of the question of insanity, be decided within the time fixed by the statute for the pronouncing of sentence, which is not less than two nor more than five days, provided, however, that the court may extend the time ten days.

The district attorney's office declares that the order means practically a new trial for the defendant.

Thursday of next week was designated as the time for hearing the argument on the sanity of Lawson, who is now in the grounds that new and important evidence has been discovered.

Lawson appeared in court, closely guarded and very pale and haggard. He was unable to remain standing during the lengthy argument in connection with the various motions interposed. Perspiration stood in beads on his face, and when he reached for a handkerchief deputies quickly threw their hands toward their sponges, lest he should use them.

At the close of the trial when Lawson slashed his throat with a razor.

Lawson was convicted Wednesday afternoon in a fifteen minute deliberation by the jury of the murder of Wood at the Golden Eagle hotel June 30, 1917. The evidence showed that Lawson and Wood quarreled over the latter's wife.

COAL MEN MAY ENFORCE RATES

Consumers of coal in Alameda county stand to be benefitted by the hearing that was begun at Salt Lake City today before Attorney Benjamin J. A. Martin of the Interstate Commerce Commission results in a decision in favor of the coal operators who have brought the action to compel the railroad to reduce the freight rate on coal to Pacific coast points.

"The Standard Coal Company and other independent coal operators in Utah, are seeking a reduction in rates on coal from \$6.75 to \$4 a ton to Pacific coast points."

Under the present rates the cost of the coal is too high on the Pacific coast and the companies of the country where roads are operated under similar conditions, in their petition for a reduction of rates the operators maintain that with lower rates they will be able to compete with Australian and British Columbian coal companies.

IS WAR WEDDING

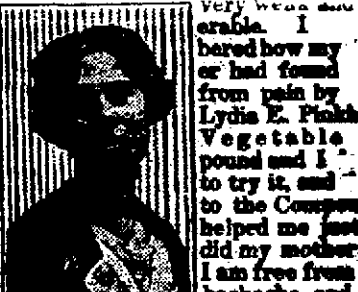

A surprise to east bay friends today was the marriage of Miss Helen M. Short, daughter of Mr. and Mrs. C. F. Short of Piedmont, and Howell B. Auerbach, which took place Monday in this city. Auerbach is a son of Mrs. R. H. Auerbach and was ordered to Camp Lewis recently, for which place he left Wednesday. His bride will join him in the north before the holidays.

WASHINGTON, Oct. 5.—The tiers and sailors' insurance bill last important measure pending before Congress was placed today on the calendar. The House conference reached an agreement, including retention of Senate amendments relating to grades of general and hospital pay to the army.

BOTH MOTHER AND DAUGHTER

Relieved From Pain
Suffering by Lydia
Pinkham's Vegetable
Compound.

Brooklyn, N.Y.—"For three or years I suffered a great deal of pain, periodically, so I would have to lie in bed for days. My back would ache and I would be unable to do any work."

"I suffered from pain by Lydia Pinkham's Vegetable Compound and I tried it, and to the Compound helped me just what I needed. I am free from backache and general weakness that was so bad. I am able to do my work now, and am very happy."

"To know whether Lydia Pinkham's Vegetable Compound will help you, just try it. Advice will be given by the Medicine Co. (confidential). Mass. Your letter will be read and answered by a woman held in strict confidence."

Your Liver Is The Best Beauty Doctor

A dull, yellow, blotchy skin, or pimples, eruptions, are twin brothers to constipation. Bile, nature's own laxative, is getting into your blood instead of passing out of your system as it should.

This is the treatment. It is a natural and safe remedy. It will help you to keep your liver in good condition. It will help you to keep your blood pure. It will help you to keep your skin clear. It will help you to keep your system in good health.

BEAUT

BIG PARADE PLANNED TO ROUSE CITY

Saturday, October 20, was today set aside as the date for the big Liberty parade in a proclamation by Mayor Davis. A committee is named to make arrangements for the parade. The committee follows:

Hon. Victor H. Metcalf, former secretary of the navy; J. C. Downey, president of the Merchants' Exchange; Joseph H. King, president of the Chamber of Commerce; George Sheldon, traffic manager of the San Francisco-Oakland Terminal Railway; and B. L. York, manager of Idora Park.

The proclamation of Mayor Davis follows:

A PROCLAMATION.

To the People of Oakland, Greeting:

"During the past few weeks we have had occasion to bid Godspeed and farewell to many of our young men of Oakland and Alameda county. These young men have gone to training camps established by our country to prepare them for the great task of fighting for the preservation of democracy, for the preservation of those principles of right and justice, and freedom and humanity on which this country was founded.

"Now, it has seemed to many of us that the patriotic spirit of this country—particularly here in the West—is not as spontaneous, as generous, as virile as it should be. We have not yet awakened to the fact that this nation of ours is engaged in a great war against an enemy of all mankind, against a murderous, inhuman tyranny, a destroying force that not only threatens the liberties of Europe but the liberties of America.

"It is to help awaken that splendid spirit of patriotism, that fine devotion to a noble cause, that noble sacrifice to principles of right and justice that I, as mayor of your city, am going to draft a committee of patriots, public spirited citizens and ask them to arrange for a great liberty parade, a monster demonstration of the military and naval forces, of the civic and industrial forces, of all those forces which go to make up American life, that we, of Oakland and Alameda county, may come to feel more deeply, more sincerely the significance of America's entrance into the world war. I believe that such a demonstration will arouse a wider spirit of patriotism among us so that we will bear willingly and cheerfully the burdens, and make the sacrifices necessary to win the war.

ASKS SUBSCRIPTION.

"This committee will be empowered to raise the money by popular subscription to bear the expenses of this giant parade and to appoint sub-committees, representative of every social, industrial and professional activity of our complex life.

"As Mayor of the city of Oakland, I set aside Saturday, October 20, as the day for this demonstration, and I appoint as the general committee to make arrangements for this demonstration, the Hon. Victor H. Metcalf, former secretary of the navy; J. C. Downey, president of the Merchants' Exchange; Joseph H. King, president of the Oakland Chamber of Commerce; George Sheldon, traffic manager of the San Francisco-Oakland Terminal Railway; and B. L. York, manager of Idora Park.

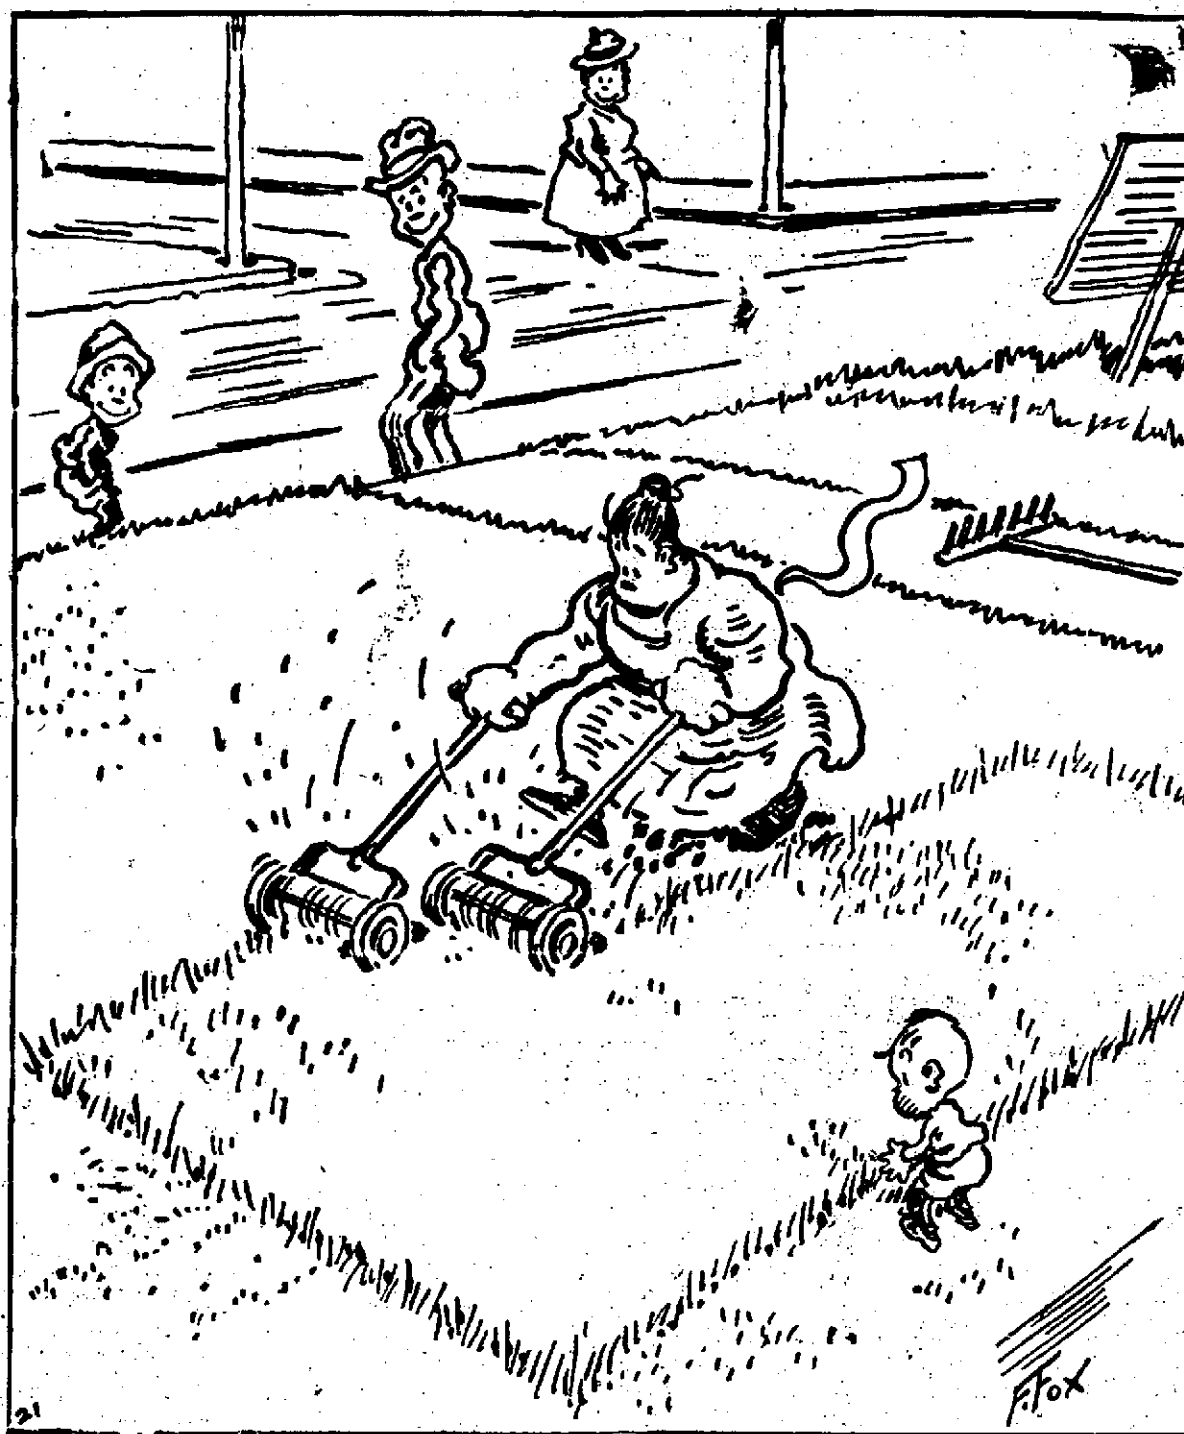

"And I call upon the people of Oakland to lend their hearty support and co-operation to these men, that the Liberty Parade may be the most significant demonstration ever staged in Oakland, and I invite all the people of Alameda county to come to Oakland on Saturday, October 20, 1917, and take part in this demonstration.

"JOHN L. DAVIS, Mayor of and for the City of Oakland."

TO FACE TRIAL

Ernest Wingrove, the young bandit who was shot to single-headed and with an empty revolver, went on a rampage of crime in holding up eight pedestrians in different parts of the city and threw the police department into confusion for the time being in an effort to trace him, was today held to answer to the Superior Court on a charge of robbery. His bail was fixed at \$5000 by

When the powerful Katrinka is in a hurry to get the grass cut she always borrows another lawn mower from next door

MILLAR IS HEAD OF FACTORY BODY

J. R. Millar, vice-president and general manager of the California Cotton Textile Co., has been elected chairman of the Manufacturers' Committee of the Oakland Chamber of Commerce at its regular annual election last night. James R. Travers, general manager of the Pacific Coast Shredded Wheat Company, was chosen vice-chairman. Frederic Boegle Jr. was re-elected secretary.

The committee comprises 350 members, including most of the manufacturers of the east bay district. It is the industrial arm of the Chamber of Commerce and has been instrumental in bringing many important enterprises to Oakland. On Tuesday the members will be the guests of the Berkeley Manufacturers at a luncheon at the Hotel Shattuck. Following the luncheon the delegation will be taken on a tour of the Berkeley industrial section.

Justice Frank Mitchell, Wingrove was formerly a navy man. He was out of work, he said, and he sought to replenish his means by starting on a career of robbery. Several victims were waylaid at Tenth and Jackson streets. Kramer gave fight and attracted the attention of E. H. Soapin, who rushed into the street in his pajamas and mixed into the fray to the extent that the bandit was knocked out and placed under arrest. Wingrove is 22 years of age.

FISH PRICES IN LOCAL MARKETS TODAY ARE SET

The following are the maximum retail prices at which these varieties of fish can legally be sold on Friday, October 5, 1917, in San Francisco, Oakland, Berkeley and Alameda. Dealers are free to sell at lower prices, but cannot legally charge more. (Purchasers who are overcharged are invited to make complaint in writing to the State Market Director):

Per lb.	Per lb.
Codfish (cleaned or sliced) 15c	Flounders (whole) 9c

RESTORE FLEETS

AMSTERDAM, Oct. 5.—A Berlin despatch says the Reichstag has adopted a bill for restoration of the German merchant fleet. The bill provides for a state subsidy to ship owners for reconstruction of merchant vessels.

FUND GROWS FOR BENEFIT OF SOLDIERS

Interest in the rolling up of a goodly sum for the purchase of athletic goods for the Oakland "Liberty Boys" at Camp Lewis is growing steadily and more contributions are promised to The OAKLAND TRIBUNE office to be forwarded to Captain Edwin Callahan, supervisor of sports in the Three Hundred and Sixty-third Regiment of Infantry.

But the big day for the fund is going to be Sunday, when baseball fans will crowd the bleachers at Emeryville ball park for the morning game between the San Francisco and Vernon teams. Arrangements have been made for special features, including the presence of one of the most charming and popular of moving picture actresses.

Supplies of baseballs, bats, gloves, foot-balls and other paraphernalia of sport are needed at once at Camp Lewis for Oakland boys. Captain Callahan writes to The TRIBUNE that he has already expended \$40 of his own money to provide equipment for practice for a challenge game of baseball with the Knights of Columbus team of Tacoma. This sum must be made good by Oakland and more money raised for the good cause.

Best Investment Terms Are Easy FACTS ABOUT SECOND BIG LIBERTY LOAN

Here are the facts concerning the second big Liberty Loan:

Amount, \$3,000,000,000.
Interest 4 per cent paid twice each year. Bonds issued in denominations of \$50 and multiples.

Twelfth District allotment, \$210,000,000 minimum; \$350,000,000 desired.

Alameda County's quota not yet computed.

NEW NAMES BROUGHT OUT IN U.S. PROBE

**TRIBUNE BUREAU
SAN FRANCISCO, Oct. 5.**—The arrest of P. A. McFarland, discharged record room clerk at the immigration station, is expected today, it being reported that he had been located on a ranch in the southern part of the state, and arrest will be made by a telegraphic warrant to the United States marshal of that district.

The confession of McFarland to Commissioner Edward White, which he later repudiated, involved three men, Robert Ferguson, who confessed Wednesday, Agathon Hinklemeier and Theodore Kathan, who are already in custody. Ferguson's confession corroborated that of McFarland and involved a number of others including the five examining inspectors who have already been discharged.

Cuticura Heals

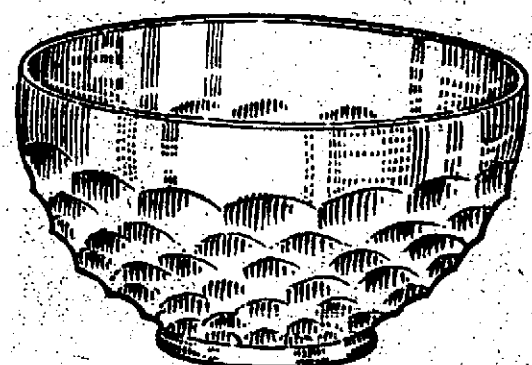

Itching, Burning Eczema On Arms and Whole Body. Felt As If In A Furnace.

"Eczema commenced on my hands with itching and burning, and then it spread over my arms and whole body. It was in a rash and was inflamed and the skin was sore and red. The more I scratched, the greater the burning was; and I felt as if I were in a furnace. The warmth from the bedclothes aggravated the burning. It caused disfigurement for the time being, and I did my work with much inconvenience. I finally used Cuticura Soap and Ointment and found relief, and now I am completely healed." (Signed) J. E. Marr, 442 Crocker Street, Los Angeles, Cal., Feb. 28, 1917.

A little care, a little patience, the use of Cuticura Soap, and no other, on the skin and for every-day toilet purposes, with touches of Cuticura Ointment, now and then, to any pimples, rashes, redness, roughness or dandruff usually means a clear, healthy skin, clean scalp and good hair through use.

For Free Sample Each by Return Mail address post-card: "Cuticura, Dept. H, Boston." Sold everywhere. Soap 25c. Ointment, 25c and 50c.
